PROFESSIONAL EXPERIENCE

Software Engineer

Aug 2024 – Present

Coolminds Technologies Pvt. Ltd.

- Developed and maintained enterprise-grade cross-platform mobile applications using Flutter.
- Built the complete frontend of a Payroll Management System from scratch — responsive layouts, reusable widgets, and business workflow screens.
- Developed a Time Management System (TMS) with attendance management, leave tracking, employee scheduling, and dashboard interfaces.
- Contributed to an AI-powered Expense Management Application with intelligent invoice processing and AI-assisted workflows.
- Integrated Supabase and REST APIs into Flutter apps for authentication, data sync, and real-time functionality.
- Implemented pixel-perfect UI designs and transformed business requirements into scalable, production-ready mobile apps.
- Collaborated with backend developers, designers, QA engineers, and stakeholders across the full delivery cycle.
- Leveraged AI development tools (Antigravity , Stitch) to accelerate development and code optimization.

Flutter · Dart · APIIntegration · Figma · AIDevTools

Frontend Developer Intern

Jun 2023 – Jul 2024

µLearn Foundation

- Contributed to the µLearn Dashboard serving over 30,000 users.
- Worked on the Learning Circle platform under the KKEM and µLearn collaborative initiative.
- Resolved frontend issues and improved UX across organizational dashboard modules.

React.js · JavaScript · TypeScript · HTML · CSS

TECHNICAL SKILLS

Mobile Development

Flutter · Dart · Cross-Platform · State Management · Widget Architecture · API Integration

Web Development

Next.js · React.js · JavaScript · TypeScript · HTML5 · CSS3

Backend & Database

Supabase · Authentication · Database Integration · Real-Time Data

AI & Productivity

AI Integration · OCR · Prompt Engineering · AI-Assisted Dev · Workflow Automation

Dev Tools

Git · GitHub · Postman · Figma · VS Code · Antigravity · gitat

Languages

Dart · JavaScript · TypeScript · Python

FEATURED PROJECTS

HireScope-AIResumeScreening Platform

Next.js · TypeScript · AI/NLP

Intelligent recruitment platform that automates candidate screening and ranking. Built AI-powered resume analysis, dashboards, and candidate management workflows.

SynEat-AIDiet Recommendation App

Flutter · AIAPIs

Personalized AI diet app generating tailored nutrition plans. Developed health tracking interfaces and integrated intelligent recommendation workflows.

LuvTrek – Dating Application

Modern mobile dating platform with profile management and user interaction. Built engaging UI and navigation with focus on usability and performance.

AI Resume Builder

Next.js · AllIntegration

AI-powered resumegeneration platform with automated content generation and professional formatting.

Travel Booking System

React.js

Travelplatform with responsive UI for package browsing, booking workflows, and reservation management.

EDUCATION

M.Tech–ComputerScience& Engineering KMEA College of Engineering	2025 – Present
B.Tech–ComputerScience&Engineering CGPA:8.58 Sree Narayana Guru Institute of Science and Technology	2020 – 2024

ACHIEVEMENTS

- IEDC Technical Lead (2 Years)
- College Arts Club Secretary
- µLearn Campus Executive Committee Member

LANGUAGES

English – Professional Proficiency
Malayalam – Native Proficiency
Hindi – Working Proficiency
